## Directory of California Crafters and Artists

You have found **THE** online source for unique handcrafted

Having been a crafter for over 20 years, I've learned how difficult it is to find unique handcrafted products made in California in other states, or even other countries, and most sources are not a source for finding fabulous one-of-a-kind items that do not yet have a web presence.

If you are a California crafter, fine artist, photographer, or store owner, you need a web presence to be part of this directory. Please provide a mailing address and phone number, yet

Please feel free to send comments and suggest changes. I am new to creating and maintaining a directory, so please help me make it a California products, and no other directory includes those who do not have a web presence in other directories, and various public agencies when we're ready to "go public".

Please email me directly for additional information until I get this California Directory online in the middle of September, 2008.

## BE PART OF AN EXCITING NEW ONLINE DIRECTORY

Having been a crafter for over 20 years, I've learned how difficult it is for gift galleries, craft show promoters, and consumers to **find unique handcrafted products made only in California.**

So often, the "California souvenirs" found in stores are actually made in other states, or even other countries, and most certainly are not handcrafted. This directory, as it grows, will not only be a **source** for finding fabulous **one-of-a-kind** items online, but will also include many stores, artists, and craftspeople who don't yet have a web presence.

**No other site lists exclusively Handmade in California products,** and no other directory includes those who do not have web sites. As the list evolves, I will be submitting this directory to galleries and gift shops, online search engines, other online directories, as well as various public agencies, newspapers and artist guilds.

If you are a **California crafter, fine artist, photographer, store owner, or show promoter,** this is an exciting opportunity to be a part of a growing community **resource.** Please visit the website to sign up online or call me for an application.

You **do not need a web site** to be part of this directory list. You **don't even need an email address.** You must, however, have a web site to participate in the free listing exchange.
